

Dear Sir;

Please convey to the M.R.A.C.
as secretary, my notice of resignation
effective as of now.

I feel personally, conditions being
what they are, mixed emissions on the
ham bands, particularly on the lower
frequencies, are serving no good purpose
in amateur relations. I have discouraged
my wife's continued membership in the
auxiliary, because some ladies are not
returning the courtesy of an invite.
when their turn comes. We know full well,
that they can.

Thank you

L. W. Karpell
